Celebration of Aranya Saptaha 2026 (Van Mahotsav)

NATURE CLUB, IQAC, SCC, HABRA

Report

Date: 14th–20th July 2026

Theme: "Ek Ped Maa Ke Naam"

Objectives

- To celebrate Van Mahotsav as an initiative of the Government of India.
- To promote environmental awareness and encourage tree plantation among students.
- To enhance the green cover and biodiversity of the college campus.
- To foster a sense of environmental responsibility by involving students and their mothers in plantation activities.

Programme Details

Sree Chaitanya College, Habra celebrated **Aranya Saptaha 2026** from **14th to 20th July 2026** in observance of the Government of India's annual Van Mahotsav initiative. The programme was organised by the Nature Club under the aegis of IQAC with the objective of promoting environmental conservation and sustainable development.

Following the theme "Ek Ped Maa Ke Naam", students, accompanied by their mothers, actively participated in a plantation drive within the college campus. Various medicinal and ornamental plant species were planted to enrich the campus greenery and contribute to ecological sustainability.

The programme was graced by Dr. Pallab Bhowmik, Principal, Dr. Atanu Mitra, IQAC Coordinator, members of the Nature Club, faculty members, non-teaching staff, students, and their mothers. The dignitaries addressed the participants, highlighting the importance of tree plantation, biodiversity conservation, and individual responsibility towards protecting the environment. They encouraged students to care for the planted saplings and adopt eco-friendly practices in their daily lives.

The programme concluded with a pledge to nurture the planted trees and continue working towards a greener and healthier future.

Outcomes

- Increased awareness among students regarding environmental conservation and sustainable development.
- Active participation of students and their mothers strengthened community engagement in environmental initiatives.
- Plantation of medicinal and ornamental plants enhanced the biodiversity and aesthetic value of the college campus.
- Reinforced the institution's commitment to environmental sustainability and green campus initiatives.
